

## 1. Features of the application :

### Home:

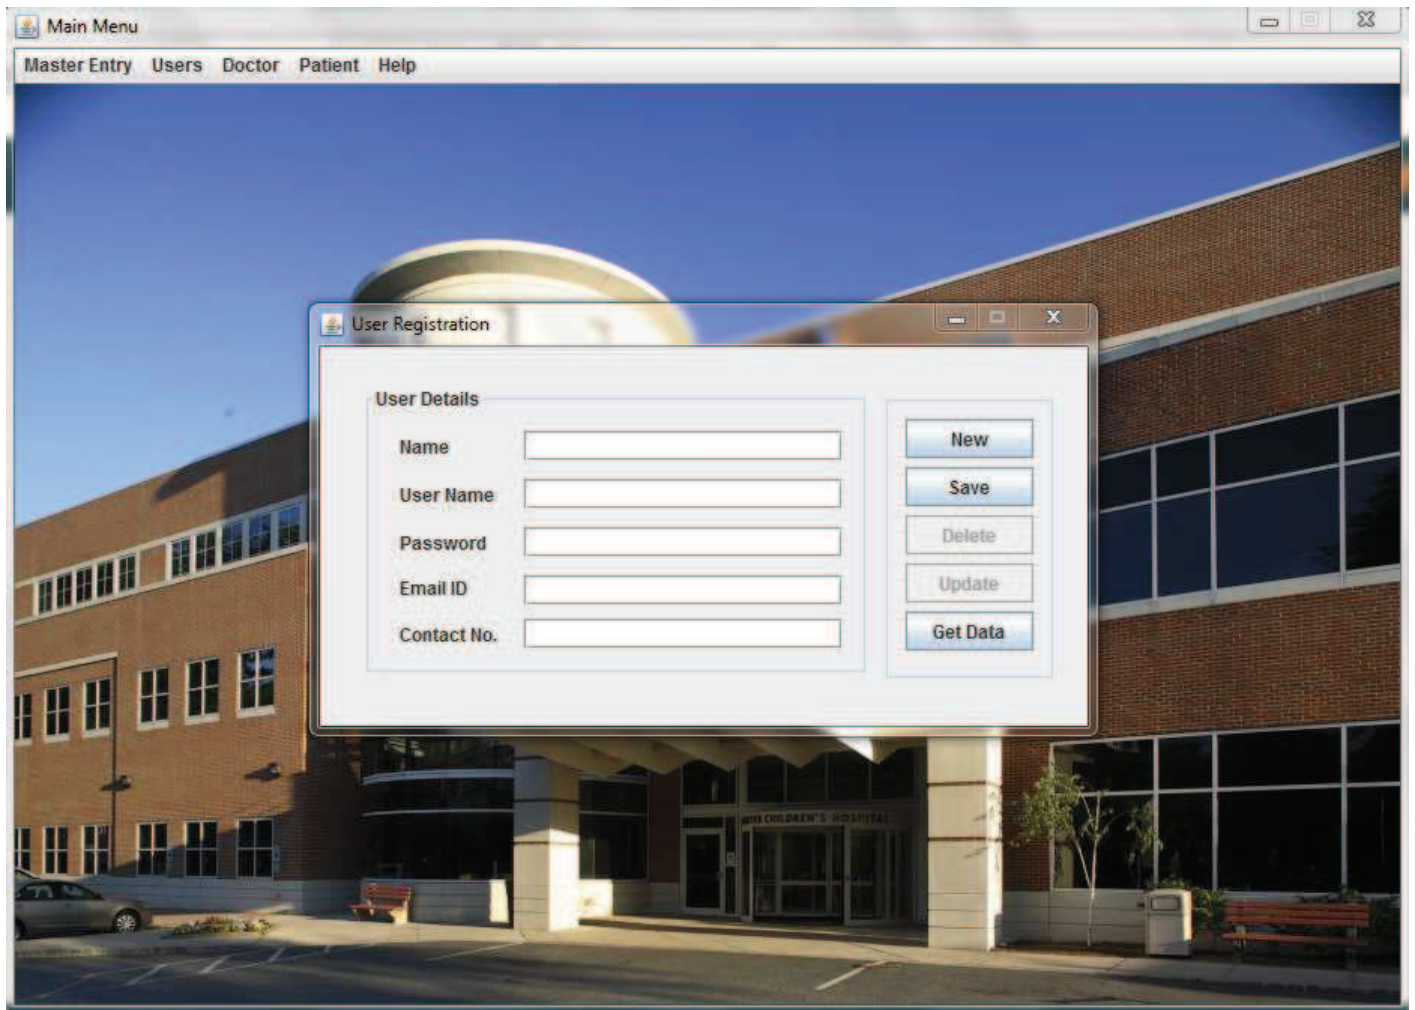

Here we can login to our account, register a new account. We can also know about this website and about the team members who made this incredible site. We can also see the front Page.

**Create an account :**

**Here we register our new account. We provide the user details like Name, Username, Password, Email-Id to add the new account.**

**Login :**

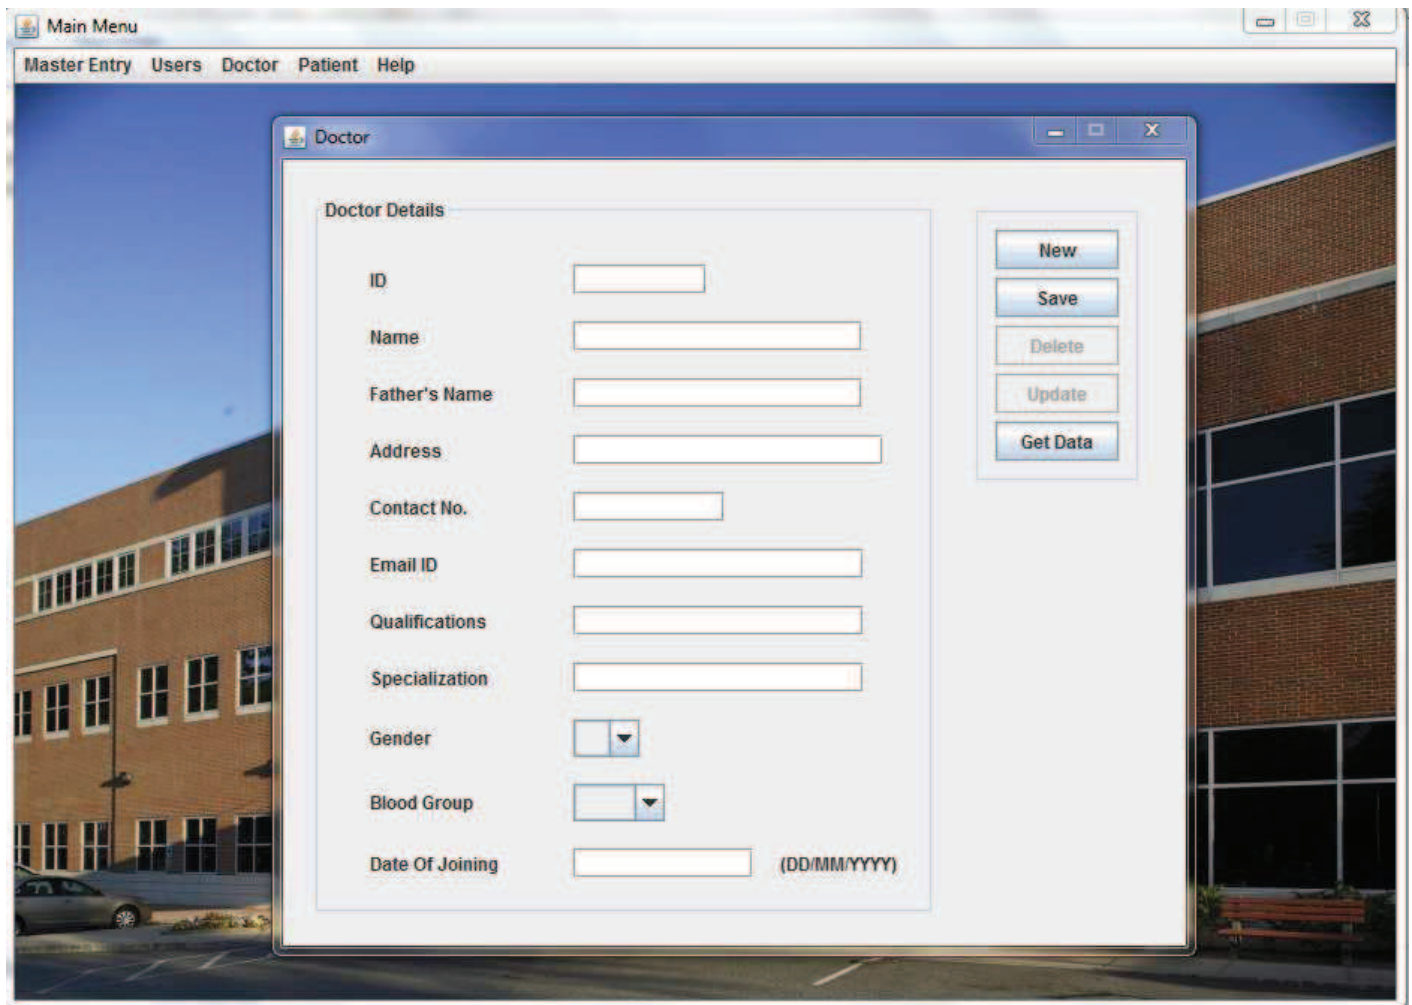

**Here we can login to our account by providing our Username and Password which we provided at the time of our account creation.**

The image shows a 'Login Form' dialog box. It has a title bar with standard window controls. Inside, there are two text input fields. The first is labeled 'User Name' and contains the text 'shivam'. The second is labeled 'Password' and contains six dots. Below these fields are two buttons: 'OK' and 'Cancel'.

## Details of Doctor & Patients saved in the database :

Here we can see various page showing our details of registered doctors , nurses and patients. We also have option to edit the profile, to save the details .We can also update the various details.

The screenshot displays a web application interface. At the top, there is a 'Main Menu' bar with navigation links: 'Master Entry', 'Users', 'Doctor', 'Patient', and 'Help'. The 'Doctor' link is currently selected. Below the menu, a 'Doctor' form is open. The form is titled 'Doctor Details' and contains several input fields for entering a doctor's information. To the right of the form, there is a vertical column of five buttons: 'New', 'Save', 'Delete', 'Update', and 'Get Data'. The background of the application window shows a blurred image of a brick building.
